PARKING TIPS

- Only park your vehicle in an official parking space. If a parking lot is full, do not improvise; move to another parking lot.
- Do not park so close to another vehicle that its owner cannot open the doors when it comes time for them to leave.

PROTECT YOUR VALUABLES

- Always lock your car doors.
- Do not leave valuables in your car. If you must leave them in your car, hide them from view.
- Keep your car windows closed. If you must crack them, be sure a person cannot reach inside to unlock the door.
- Do not store an extra key under the car fender, on the wheel, etc.
